

Building
Communities
of Innovation™

ATTENDING BIO IN BOSTON?

Come a Day Early for a Deep Dive Into Building Communities of Biotech Innovation.

June 4-5, 2023 | Westin Seaport District, Boston, MA

AURP BIO **HEALTH CAUCUS**

AURP's BioHealth Caucus will examine topics, including:

- Economic impact of the biotech industry in the U.S.
- New biotech hubs growing in VA, NC, OK, MO, and NH
- Building the biotechnician workforce
- Bio innovation impact from the federal multi-billion-dollar CHIPS + Science Act
- Significance of the Bayh-Dole Act and life science IP to keep the U.S. competitive
- Bio manufacturing in space
- Award winning life science incubators, accelerators, and labs
- Importance of the business press covering the biotechnology community
- NIH funding for small business bio hubs
- Emerging role of quantum computing in drug discovery
- Special presentations from state bio infrastructure in MA and MD
- Plus, an optional tour of Harvard's Science and Engineering building and Harvard Allston Enterprise Research Park
